Decision on town hall to be made this week

A DECISION to transfer ownership of Seaton Town Hall to the town council could be taken this week.

East Devon District Council's (EDDC) Cabinet will meet on July 15th to decide if the venue should be transferred to Seaton Town Council.

EDDC, Seaton Town Council, community group Seaton's Voice and co-tenants Seaton Museum have worked together for more than 18 months and delivered a five-phase plan.

A Cabinet report explained: "By transferring the building into local ownership there is a possibility it can be modernised to provide a full council suite, entertainment and community hub along with an improved museum. All of these would be attractive to residents and visitors, and provide an attraction for the town centre."

The proposal on the agenda is that EDDC "transfers Seaton Town Hall to Seaton Town Council at nil consideration" - i.e at no cost to the town coun-

by Anders Larsson

anders@tindlenews.co.uk

The report said: "EDDC can dispose of its freehold interest for less than best value where it is in the interest of helping secure the promotion or improvement of the economic, social or environmental well-being of its area."

In 2010, community group Seaton's Voice approached EDDC and offered to take on a lease and the management of those parts of Seaton Town Hall not let to the town council and museum.

The EDDC report said: "During their tenure, Seaton's Voice has greatly increased their use of the premises and it has now become a vibrant entertainment and community hub.

"It has also reduced the council's burden of subsidy significantly. By way of example, the total net cost of the hall in 2009/10 was £122,159; the net cost in 2014/15 was £14,798.

"The transfer would be supported by EDDC with

a phased withdrawal over a two-year period, with financial support provided in year one and professional property support remaining in place in year

"Seaton's Voice and the museum would become the tenants of the town council, and negotiations between the two parties are already underway."

Last year a working party of councillors, Seaton Voice directors and museum representatives was formed to draw up a plan for the future of Seaton Town Hall.

The five-phase plan would start with the town council and Seaton's Voice switching floors straight away.

A public consultation on the proposed refurbishment would follow, with a grand opening of the new-look venue in September 2016.

■ THE Cancer Research UK summer favre in Seaton proved very successful. It was held on Saturday July 11th and one of the organisers, Paula Vickers, said: "We raised £1,237.09 for the charity which was very pleasing, especially in view of the other markets and sales taking place in Seaton that day As always, we are extremely grateful to all of those who supported us and to our stalwart helpers.

These talks are aimed at anyone who currently has or has recovered from cancer and/or their carers.

The talk will cover healthy diet choices for disease prevention and maintaining optimum health, the use of supplements, the importance of maintaining an optimum acid/alkaline balance in the diet for health food intolerances and how to identify them, vitamin and mineral levels amongst other things. There will also be some healthy recipes on offer. Elizabeth Bray, who is delivering the talk, is a

registered nutritional therapist and has a holistic approach to the individual. She is the regional coordinator for and a member of the Bristish Association for Applied Nutrition and Nutritional Therapy

From the editor's chair Bubbly send-off for Bob

we are to live so close to the Exeter-Waterloo railway line and, generally speaking, what an excellent service it is.

I take the train to London sometimes two or three times a week and have come to appreciate it more. The trains are usually on time and the service on board is courteous and friendly on most occasions.

However, like many others who take the train from Axminster regularly, I am going to miss ticket clerk Bob Driscoll who has retired after a career spanning 50 years.

If there was an award for Britain's most helpful railway official, Bob would surely be in the running. Nothing was ever too much trouble for him and he was always anxious to make sure all railway travellers were treated fairly and politely.

It wasn't so many months ago that I nearly

when he was treated in an appalling manner by an obnoxious toffee-nosed ignoramus. You know the type. Those who treat anyone in the service industry with total disdain. I can't stand them. Bob took the abuse in a calm and respectful manner: me on the other hand - I was close to lamping him one.

Bob was so highly thought-of by the customers of Axminster station that on his last day at work a number of them, accompanied by the Mayor, Councillor Douglas Hull, turned up at the station with a bottle of bubbly to toast

Bob was not only a credit to British Rail in an age when the service industry leaves much to be desired in many sectors, but also a credit to Axminster.

He will be much missed!

HONITON

Beehive awarded charity status

A LANDMARK agreement has finally been reached for the company behind the Beehive to become a charity.

Honiton Community Complex, which has run the centre since it opened in April last year, was officially granted charitable status last week.

The long-awaited decision will enable the company directors to apply for grants and sponsorship, clearing the way for future investment in the community centre.

Honiton Town Council agreed to grant the company a 10-year lease back in March, but the deal was dependent upon the directors obtaining the charitable status. Now that the Charities Commission has approved the switch, the matter can finally be laid to rest.

Barry Simmonds, acting chairman of the Honiton Community Complex board of directors, said the charity status "recognises and endorses what the Beehive is all about: providing value for the community".

OTTERY ST MARY Last chance to save

hospital beds A FINAL plea has been issued for Ottery St Mary's

community hospital beds to be saved, with health chiefs poised to make a final decision this week.

Town councillors have issued a rallying call to members of the community ahead of the crucial meeting, where commissioners could choose to transfer the beds elsewhere in East Devon and close the minor injuries unit.

Civic leaders say a "groundswell of local action" could reverse the decision, even at this late stage.

Ahead of the meeting on Thursday, July 16th, Ottery Town Council has called on members of the community to "help save the hospital" before it's too late.

Councillor Glyn Dobson, the Mayor of Ottery, said: "The town council has written to Hugo Swire MP to seek his urgent intervention. I ask everyone in each community that will be affected by these cuts to do the same as quickly as possible.

"A groundswell of local action might just win

SOUTH SOMERSET

Council leader repeats calls for fairer funding

THE leader of the county council, John Osman, has reiterated his calls for fairer funding for Somerset following last week's budget announcement. While welcoming positive news around invest-

ment in roads and apprenticeships announced in Chancellor George Osborne's bundget last week Councillor Osman underlined the major challenges that remain for Somerset County Council as funding falls and demand for services increases.

The council's Revenue Support Grant from Westminster has fallen by more than £20million this year and is forecast to fall by more than £40million by 2020 at the latest.

Councillor Osman said: "We still have to digest the detail, but that fact that the speed of austerity has not been increased at least means the budget, at first look, is not as hard on us as many people were predicting.

"Investment in infrastructure and apprenticeships and emerging detail on devolution are welcomed, but on a fundamental level the funding mechanism used ignores the challenges faced by rural authorities like Somerset.

"We have an ageing population causing huge demand on our services, yet we receive less funding than councils in urban areas and we are ranked 114th out of 152 authorities across the country.

"We are one of the poorest funded and that is not acceptable and it is not fair.

SIDMOUTH

Jake's mates in cycling challenge

FRIENDS and relatives of a Sidmouth builder who became severely paralyzed after an accident earlier this year have begun a fundraising mission that could help him to regain his independence.

Jake Pengelly has been hospitalised since February and is now rehabilitating in Exeter after damaging his spinal cord performing a front flip at his home in Sidmouth.

He spent two weeks in a coma as a result of the accident and doctors have warned that he may now have to rely on others for basic support.

But a fundraising appeal has been launched to help pay for electric-powered wheels to be fitted to Mr Pengelly's chair that would give him back some degree of independence.

Friends and family are teaming up for a marathon cycle challenge - from Sidmouth to Amsterdam – in a bid to raise £5,000 for the hitech equipment.

Mr Pengelly's stepfather and five of his friends will begin the ride in September, pedalling around 100 miles a day across Europe.

Council want more info on Senior Voice booklet

DECISION ON GRANT TO COVER PRINTING COSTS IS DEFERRED

A LACK of detail has forced Devon Senior Voice's Seaton branch back to the grant application drawing board.

The branch had applied for a grant of £1,000 from Seaton Town Council towards the printing of an activities booklet.

In its application, the branch wrote: "The activities booklet is an extremely popular item.

"In spite of the fact that the information has been placed on the websites of the town council, the town development team and Devon Senior Voice, copies of the booklet remain in great demand.

"The last production (with funding from the town council) was for over 1,000 copies which were taken within six months. As well as being popular with residents, it also promotes the town."

Town councillors discussed the application during a meeting on Monday July 6th.

Councillor Ken Beer said: "I think the amount of money is a little bit heavy."

It was also explained that Devon Senior Voice comes under the umbrella of Devon County Council (DCC), and that there is a rule preventing branches

by Anders Larsson

from charging membership fees – to which Councillor Beer replied: "Why don't Devon [County Council] pay for it [the booklet], I don't understand?"

Nobody had the answer to his question, but the application form revealed that no other grants were being sought for the project.

Councillor Marcus Hartnell said about the application: "There is a lack of detail, including the print run. I would have thought there would have been an opportunity for sponsorships or adverts.

"I support it in terms of what it is doing but would ask them to resubmit [the application], it shouldn't be 100 per cent paid by the town council."

After more debating, Councillor Hartnell proposed the matter be deferred.

Councillor Dawn Squire proposed a compromise of granting £500, but Councillor Hartnell's proposal was voted on first – gaining five votes in support and two against, so was subsequently carried.

Martial arts group could lose base as dry rots hits flooring

ALMOST 100 martial arts enthusiasts will be without their base if £7,000 can't be found, writes ANDERS LARSSON.

The future of Seaton Martial Art Centre in Scalwell Lane is at risk because of its flooring. Club secretaryJulie Malone ex-

Club secretaryJulie Malone explained: "The club, which opened in 1987, has recently run into problems with the flooring becoming unsafe in places due to dry rot and a replacement would cost around £7,000.

"We recently managed to refurbish the restroom upstairs with donations from Seaton Lions and Seaton Carnival Committee and were hoping to refurbish the changing rooms next, but the flooring is now a priority to keep the centre open. "Seaton Martial Arts Centre is a

non-profit making club that is an important part of the community and is in use seven days a week with over 90 members ranging in age from four to 76 years old, from all over the East Devon area.

"It is a friendly welcoming place that covers several of the martial art disciplines including Ki Aikido, Shotokan Karate, Judo, Mixed Martial Arts, American Kenpo Karate and Success4Life, along with keep fit activities such as kettlebells.

Martial arts can be very beneficial in lots of ways; with children in particular it can help them to gain self confidence and increase their co-ordination as well as improving fitness and health.

"Anyone is welcome to join the club regardless of ability or age," says Julie.

Anyone able to help in any way with raising the money is asked to contact Doug Rudge (chairman) at Seaton Martial Arts Centre, Scalwell Lane, Seaton or e-mail seaton martialartscentre@gmail.com

LED's fun-filled family day which took place at Ocean Exmouth last week was a huge success!

The local community came out in force to support LED when they opened the doors to Ocean on Sunday morning.

Excitement had been mounting in the week leading up to the event on social media with hundreds of people on Facebook and Twitter confirming they would be attending.

Entry to the soft play area was free all day and visitors were offered a free game of the newly installed Mad Game bowling.

Last, but not least, was an opportunity for visitors to take a tour of the stunning Ocean Suite and enjoy a cream tea on the terrace whilst admiring the breath-taking view.

Well over 1,000 children climbed and clambered their way around the enormous soft play, while their parents relaxed and enjoyed tasty treats from the Ocean Deck café.

LED's chief executive Peter Gilpin was on hand all day and said "We were bowled over by the enthusiasm and support from the local community.

"Everyone was amazed by the first floor soft play and café and those who had never previously experienced the Ocean Suite were extremely impressed.

"The opportunities it offers for private parties as well as corporate events make it a unique venue within East Devon.

"The team at Ocean have worked tirelessly to ensure a warm welcome for the local community and we look forward to welcoming everyone back."

Duty manager Jon Burden was delighted with the turnout: "Yesterday was a proud day for the whole team at LED.

"This iconic building was seen complete for the first time, in its best possible light and tremendously well supported by the people of Exmouth and East Devon.

"We look forward to welcoming both holiday makers and locals over the coming months."

New book explores Rousdon history

A NEW book on the history of Rousdon will be launched at Serendip bookshop in Broad Street, Lyme Regis, 6pm on Wednesday, July 22nd.

The book "To Buy a Whole Parish; Rousdon and the Peek Family" is written Nicky Campbell who has been researching the history of the Rousdon Estate for more than 10 years. It gives an insight into the life of Sir Henry Peek MP, an extraordinarily wealthy and practical man who held decided views on why and how his wealth should benefit those poorer than himself. Under his ownership, the estate included a farm, church, cottages and lodges, as well as his own mansion, observatories, a mu-

seum and menagerie with emus and a giraffe.

The book also looks at ownership of the estate after Sir Henry died, passing it on to his son Sir Cutherbert, and then grandson Sir Wilfred, who led a lavish lifestyle in both Devon and London up until the First World War, after which he chose to spend more time in the capital.

Following Sir Wilfred's death, his son Frances inherited the estate but immediately sold it, which had disatrous results for the staff and surrounding area.

The book contains details not only of the Peeks family life but also those of the workers.

Property auctions DIG DEEP: Andrew Moulding and MP Neil Parish plant a bee tree

SYMONDS & Sampson's Axminster office has completed successful property auctions in a short space of time.

On June 24th, Yarde Farm at Churchill went under the hammer.

The farm had been in the Perring family for more than 100 years, but had been empty for the last eight years.

The guide price of up to £500,000 was ex-

ceeded as the gavel fell at £555,000 to local buyers.

Just a week later, the company offered

Thorncombe Farmhouse for sale, with a guide price of £280,000-£300,000. The property was sold for £306,000.

A two-bedroom bungalow at Meadowbank in Kilmington sold for £224,000 against a guide price of £200,000.

The company's next auction in Axminster is scheduled for October 8th.

Purpose-built beekeeping facility opens

MORE than 100 people gathered for the formal opening of East Devon Beekeepers' Association's (EDBKA) purposebuilt apiary at Hunthay, near Axminster.

The opening took place on Saturday, July 4th and saw, among other things, guest of honour Neil Parish MP plant a tree for bees, with the help of local councillor Andrew Moulding.

Members first moved their club hives to the old orchard at Hunthay in 2010.

Since then, owners Bill and Jenny Newbery have built a facility specifically designed for beekeeping activities.

Jenny, who is herself a member of the association, said: "Over 100 members and spouses enjoyed a sociable evening

by Anders Larsson anders@tindlenews.co.uk

amongst the newly re-planted orchard at Hunthay.

"The evening also featured trees for bees, and as well as planting one tree, tree vouchers were distributed to members – funded by a legacy from Mike Craythorne, a former member of the association."

EDBKA members meets monthly in Kilmington Village Hall during the winter and more often at the apiary during the summer.

charities

"Thomas Westcott was pleased to be able to help the club."

Club chairman Jamie Bennett said: "Axminster YFC plays a wide range of sports with other clubs

throughout East Devon and have desperately needed new shirts for some time now.

Tesco to hold fundraising day

champion in Axminster promises a fun and action-packed Summer Charity Fundraising Day at the store on Saturday, 18th July.

The aims of the day are to have fun and raise as much money as possible for Tesco's charities of the year, Diabetes UK and the British Heart Foundation.

Community champion Rob Cope outlined the plan by saying: "The fun and games for all until around 3pm.

AN AXMINSTER resident has asked for help in identifying a mysterious flying object.

Allan Howlings was out walking at about 8.50pm on Thursday July 9th along the river at Weycroft.

Mayor apologies over 'political comment'

SEATON mayor Tony Woodman has apologised to town councillors for not removing a political comment from his monthly report.

His July report was circulated as part of the town council agenda for July 6th, and in-

NHS saying: "With millions of pounds having to be saved, thanks to the Tory government, there will obviously be an impact on local services and I think we, as a council, need to keep a very close eye on what

is being proposed in the nea future."

During the meeting, it was pointed out that it was a political remark, and Councillor Woodman apologised saying: "It should have come out [the sentence]."

Zumba troupe entertain

■ JM DANCEFIT founder Johanna Morgan and her troupe were asked to put on a summer fete Zumba performance at Seaton Primary School for the fourth year running. Members of the JM DanceFit Seaton Little and Junior Starz crew put on a spectacular display on July 4th at the school's annual summer fete. Johanna said: "I was so incredibly proud of all of my Seaton Little and Junior Starz and their display. I would like to congratulate all the children on their fantastic performance which was full of energy, big smiles and most importantly lots of fun." Lifeboat week success

THE Seaton, Beer & District Lifeboat week has been proclaimed a big success.

While the figures are still being worked out secretary Wendy Cummins said the week of activities looks like raising over £1,000 for funds.

"It has been a very busy week

by Kevin Fahey

and we have had good turn-outs at the duck race, the cream tea and the two Brew For the Crews," said Mrs Cummins.

"The nice weather has helped us and we are well on target to raise over £1,000." While the Beer Lifeboat Week is now over fund-raising goes on and the local branch will be out in force again in Seaton this Saturday (July 18th).

"We will be in the square and anyone who can help with rattling a bucket would be more than welcome," added Mrs Cummins.

Pirates and princesses at church fete

FUNDRAISERS: Mental health charity YoungMinds benefited from funds

■ DRESSED TO IMPRESS: Winners of the fancy dress competition with the Reverend Hilary Dawson

FROM posh frocks and tiaras to eye patches and swords, the children of Colyton went all out for the pirates and princesses theme at St Andrew's church fete. The fete, opened by Colyton's own Captain Hook, was held on the church green on Saturday, with a variety of stalls, traditional games and entertainment, including the Chantry Kingers, Six Days and Wyld Morris dancers. Children took part in a fancy dress parade with the Reverend Hilary Dawson presenting prizes to the best dressed. Even ponies from Munchkins Miniature Shetland Rescue, based in Southleigh, dressed for the occasion. Money raised on the day was split between church funds and YoungMinds, the national charity for young people's mental health.

Long-serving heads exit with honours

MORE than 300 years of service by 12 headteachers in Devon have been celebrated by county education chiefs.

The leader of Devon County Council (DCC), John Hart, and the Cabinet Member for Schools, James McInnes, Chief Executive Phil Norrey and Head of Education and Learning, Sue Clarke, hosted the celebration for heads who left their schools during the current academic year after a lifetime of service. Most were retiring but others were

going on to work in other areas.

In all they have spent 324 years educating children across the county.

In East Devon, Nigel Tancock spent 38 years teaching and retired as head of Woodbury Primary.

Caroline Bond from Littletown Primary in Honiton and Patricia Morris from Rockbeare Primary each gave 26 years' service while Paul Evans from Colyton Grammar School has 18 years' service in Devon schools.

They were all amongst the heads invited to a special garden party and buffet supper in Exeter.

Mr Hart told them: "Devon has a lot to be proud of – particularly in its education service. "My sincere thanks go to you all on behalf of Devon County Council and the children of Devon for all the work you have done and the results you have achieved despite the low national funding of our schools."

He said he wished those who were retiring a long and happy retirement and every success to those who were moving on to new ventures.

Dr Norrey said he wanted to thank the heads on behalf of the thousands of children who had passed through their care over the years.

"It is heads and teachers in schools who make a difference and you can look back with pride on a job well done, he said."

'Read Easy' with Axe Valley Community Choir

THE AXE Valley Community Choir was delighted, recently, to donate £500 to the Axminster and Seaton branch of Read Easy'.

Read Easy Axminster and Seaton was set up about a year ago and is going from strength to strength. It provides one-to-one support for those who have, for whatever reason, found reading difficult in the past

It has a small committee and an experienced co-ordinator who matches up readers with trained coaches.

The number of readers is increasing steadily with some students almost ready to complete the course and progress to a 'moving ahead' programme.

'Read Easy' coaches and readers use the 'Yes we can read' manual designed to help anyone of any age. It is a free, friendly and flexible approach to helping people change their lives.

The cheque, presented to chairperson Jean Bowmer by Shirley Williams, chairperson of the AVCC, will be used to buy reading books and resources, and to help train reading coaches.

The choir has also been able to donate £500 to Whitford Village Hall, home of the choir, to help towards the cost of installing a defibrillator and training for its use.

In addition to these worthwhile community causes, the choir devoted

■ Pictured from left, Shirley Williams, Jean Bowmer Sheila Bean and Janet Hales

a recent practice evening to raising funds for the Nepal Disaster Fund. Two members of the choir, John and Hazel Platt, whose daughter was seconded by Plant International to Nepal because of her experience in Earthquake Emergency First Response', gave a talk on the work being done in Nepal by Non-Government Organisations and the United Nations. A giant raffle was held with dozens of donated prizes and with Edward Jacobs, the musical director, playing a medley of piano pieces during the tea break. A splendid sum of £353 was raised. The choir committee then decided to top this up from funds to £600.

The AVCC prides itself on its charitable giving and all concert performances are given freely to support fundraising activities.

Clinical Commissioning Group not fit

■ NEXT Thursday, July 16th, the governing body of New Devon Clinical Commissioning Group (CCG) will have the opportunity to either accept or reject the recommendations of a report written by Sir John Evans.

This report, the result of much hard work on the part of town representatives and County Councillors chosen by the CCG themselves, recommends maintaining the provision of inpatient beds and minor injuries units in all five community hospitals in this area (Axminster, Honiton, Ottery St Mary, Seaton and Sidmouth).

The CCG have purposely and wilfully withheld this crucial report from Devon County Council's Health and Wellbeing Scrutiny Committee. It is not particularly easy to find on their website either.

The CCG have spent vast amounts of money on a

Residents cleared Umborne roads

■ FURTHER to your article in *Pulman's Weekly News* of 26th June, regarding comments made by Colyton Town Councillors about the state of the roads in Umborne.

I would like to point out that on three separate occasions up to twelve Umborne residents took spades and shovels and spent a total of 80 man hours clearing the drains and ditches near Lilylake Farm and Yardbury Farm, not Devon CC Highways as stated in that article.

We would also like to point out that the road in question is in Colyton Parish but the majority of the helpers were from Shute Parish. We were commended by Highways and County Councillor Andrew Moulding and have been assured by Highways that this area will be repaired this year (Yardbury Farm) and this financial year (Lilylake Farm).

RICK WOOD, Shute, Axminster public consultation process which showed quite clearly that people want to keep the provision of inpatient beds in their community hospitals.

The CCG have consistently and callously ignored this point of view and, therefore, the wishes of the very people they are supposed to serve. Now like autocrats protecting secret knowledge' they will, no doubt, cynically reject the recommendations of a group they set up and whose members they carefully selected.

They wish to sweep under the carpet any idea of keeping inpatient beds in community hospitals because they have other plans. Obviously a case of 'Doctor knows best'.

The responsibility for a decision on the report's recommendations was passed up to the CCG Governing Body by the Eastern Locality Board (talk about top heavy bureaucracy) originally to give them time to collect yet 'more' information. We learn now, however, that the reason was that a conflict of interest had arisen. Anyone curious as to the nature of this conflict of interest could do no better than to look at the CCG register of interests to see the common thread running through it.

One might rightly think that a hospital without inpatient beds is not actually a hospital at all. Without such beds it might then become a building full of outpatient clinics where you get your feet sorted out and told you need a hearing aid etc. Such services in this day would, without a doubt, be contracted out to private companies. One could further ask who these companies might be. Someone is about to profit from the wholesale removal of inpatient beds from community hospitals and it is painfully obvious it is not the general public. Our health and well being is not safe in the hands of the unbelievably arrogant New Devon Clinical Commissioning Group.

Urban waste collection system: it's a trial

■ IDID appreciate the way that you reported the trial of alternative schedules of waste collection at Feniton and the way you mentioned the Council's approach as explained by Cllr Chubb.

Just to answer Mr Lee in your View from Honiton, July 7th, I would like to be very clear that this is a test to see if a new collection system works in an urban environment in Exmouth as well as in Feniton.

We made much of this approach in the Conservative election campaign and the aim is to respond to the strong demand to recycle cardboard and plastic which at present often goes into the

wheelie bin.

We will have a weekly collection of food waste, glass, plastics and cardboard, and if nappy pads, incontinence pads and sanitary towels all go into "clinical waste" fortnightly collections, then we aim to find out if the reduced residual landfill waste can be collected every three weeks.

The approach has been successful in other places and we want to find out if it works here for the benefit of our residents. Let's hope it suits us all.

Thanks for MSA Trust garden opening support

■ We would like to publish our thanks to all the people who came to our open garden for the MSA Trust on June 27th at Socks Orchard, Smallridge.

We raised £1,408 (so far – post event publicity last year brought in even more donations).

The afternoon was a great success, made possible by all the kind people who, once again, without being asked, stepped forward with offers of help and worked tirelessly.

Anne Swithinbank (renowned garden broadcaster

Same councillors

■ WITH regards to the letter by Vic Raskin in the Pulman's View From (June 30th), for us scrapping East Devon District Council would have little effect because our district councillor is also a county councillor and our county councillor is a town councillor in nearby Axminster. We would just end up with the same local politicians making the same decisions, but wearing different hats. Local democracy would be increased if a person could stand as either a District Councillor or a County Councillor, but not both.

DAVID EVERETT, Chardstock and journalist), opened the event, and she and her husband, John, spent the afternoon answering gardening questions.

Dave Wicken and Steve Holt serenaded us with garden-related songs.

There were four vintage cars, garden sculpture by Millin Metalcraft, plant stall, bees, art by Dave Wicken, a raffle and scrumptious cream teas.

As a small charity that receives no government support, the MSA Trust relies entirely on charitable donations to continue our work.

Without such generosity they would be unable to employ the specialist MSA nurses who cover the length of the country and each offer symptom management advice and support to over 60 families each week.

MSA Trust would also be unable to run their many regional support groups, provide information to those caring for a loved one with MSA, or fund medical research to find both the cause of and cure for this devastating disease.

The money raised at this event will really make a difference, so heartfelt thanks to all the people who worked so hard to make it such a success, and to those who came and/or donated.

Routes for adoption could range from urban paths of 50m to wooded trails several miles long.

Q. I HAVE a mole next to my nose which I have often thought about having removed. I am going on a cruise in August to celebrate my 50th wedding anniversary and wondered if I would be able to have the treatment

A. Yes, you have plenty of time to have this treatment before your cruise. Initially you would need to come for a Consultation with our Surgeon on a Monday evening or a Wednesday afternoon at the Nuffield Hospital in Taunton. You can make an appointment by telephoning 01823 331773 or by emailing lasercentre@lineone.net. Following the consultation we can book you in for your treatment, usually within a couple of weeks, if you wish to go ahead.

Q. I have always wanted to have this done .. but always been a little nervous how painful is the treat-

A. Please do not be nervous, this treatment is very painless and straight forward. Our Surgeon will inject a small amount of local anaesthetic into the area prior to treatment. The laser is very precise and targets only the mole itself and does not affect any of the surrounding skin. When the anaesthetic wears off you may feel a slight discomfort or stinging, this is fairly mild but if you do wish to take paracetamol this will help.

Q. During the cruise I will be exposed to the sun, will I still be able to do this following treatment?

A. We would always recommend using a high factor sun cream whenever you are exposed to the sun, especially on the treated area. You would need to wait 2 or 3 weeks for the skin to be fully healed before you go into the sun but the high factor sun cream will not only protect the more sensitive, treated area but will also help prevent further sun

Terry New Dental Clinic

Dentures from the comfort of your home

TERRY New's Denture Clinic offers a service that few can compete with. Terry has been in the denture business for more than 30 years, and got introduced to the business by a relative who was a technician as well.

He visits a lot of homes, and is one of the few practices in the country who is legally qualified to make dentures without the involvement of a dentist. He can make dentures straight to the public. which saves a lot of time and hassle.

"I do a lot of home visits, and meet a lot of people and go to a lot of residential homes,' Terry said. "I offer one on one service, at competitive prices.'

Axminster care home wins award for being rated in the top twenty in the South Wes

TWICE voted in the top 20 of the Care Home Awards, beating 2370 other homes in the area, The Koppers is a warm, welcoming and friendly residential home specializing in the care of people with dementia.

Nestled in tranquil settings in the heart of the picturesque village of Kilmington, The Koppers provides the highest level of care for elderly people, comfortable accommodation with beautiful views, excellent facilities and expertly trained staff.

We provide a friendly, comfortable home for the confused retired. We aim to promote independence, privacy and dignity within a therapeutic and caring environment.

The owners of the Koppers are constantly striving to provide residents with the highest quality care, providing dedicated and compassionate staff experienced in the care of elderly people with complex care needs, long standing mental health problems and severe communication disabilities.

"We pride ourselves on providing excellent care for our residents. We are over the moon to have received this award for a second time - reassuring the families and residents, the village of Kilmington and surrounding areas that our staff and home provides a great service, and I would personally like to congratulate them for the fantastic work they do".

It is a wonderful, wonderful achievement and it's great to have received such recognition two years running" owner Vivian comments.

"There has been such negative representation of residential homes in the news but we are a small home that takes pride in offering the best care and a happy, home from home environment and it's nice to have the award to validate that."

We are planning a summer event on Sunday 26th July between 2.30pm and 5.30pm, to celebrate our award with residents, their families, friends and local community.

The Priory Home Care Services

CHANGING Perceptions, changing lives - The aim at The Priory is to promise the individual, their families and the community the highest quality elderly and dementia care, enhancing each person's world through changing perceptions and changing lives. They also provide the same great services, in the comfort of your own

The Priory is dedicated to the care of people who have decided they can no longer manage in their own home. Everyone who decides to join us is treated as an individual and carefully assessed so that an agreed plan of care can be worked out. Clearly some residents require more help than others but all receive the same quality of care delivered by our staff under the direction of the Manager, Gillian Kirkman.

The Priory is registered for elderly care, including Alzheimer's, dementia, elderly frailties and physical dis-

All our care staff are professionally trained to a minimum of NVQ2 and they receive on-going training in First Aid, Health and Safety, Food Hygiene, Lifting and Handling and Dementia Care.

We have an excellent team of bright and happy carers and ancillary staff dedicated to making The Priory a really nice place to live.

Each resident is allocated a key carer who has a special responsibility for ensuring their comfort and well-being, who is there to listen if problems arise and to act as a channel of communication in case of need.

Depending on the accommodation we have available at the time of an enquiry, we can offer full-time residential care, convalescent care and respite care. Day care is at the discretion of the Manager. Length of stay can vary from a few days to months or years. Enquiries should be addressed to the Manager, Telephone 01404 812939.

The Priory has a sister company called the Priory Home Care Service, bringing Care Services directly into peoples' homes.

We understand that many elderly people prefer to stay in the familiarity of their own home surroundings, for as long as possible, before entering The Priory for full 24 hour care and support.

And we know that it can be hard, and that sometimes you just need a little help.

Or sometimes, a lot of help. Or we can just come along for a chat, a cup of tea and a bit of company.

That's why we provide professionally trained Care

Staff who can visit your home and help you with all kinds of things. A few of them being: Personal Care, Washing & Dressing, Getting up & Going to bed, Shopping, Companionship, Cooking, Household chores, Medication, Socialising, Catheter Care and Light do-

PHYSICAL comfort is just one measure of quality of lifestyle. Your needs, your preferences, and your well-being are what come first at Oak Lodge. The house is registered to provide personal and nursing care for older people, with a very successful, separate area dedicated for the provision of specialist dementia care. Twentyfour hour cover is provided by a qualified, experienced and committed care team. They have recently been individually recognised as a company and a home, for their high standards and attention to detail that differentiates Oak Lodge from other homes. Oak Lodge isn't just a place to stay, but a place to call home.

Many of our rooms have been refreshed in recent months, including our new quiet room. This is a beautifully decorated lounge area with views of the garden where residents may spend time with visiting loved one, or simply relax.

Staff at Oak Lodge are also supporting the national initiative of Dignity Champions, A Dignity Champion is someone who believes passionately that being treated with dignity is a basic human right, not an optional extra. They believe that care services must be compassionate, person centred, as well as efficient, and are willing to try to do something to achieve this.

A dance through the archives

BEEHIVE audience are invited to take a stroll down memory lane

Next Saturday, July 18th sees the special informal Dance theatre piece, 'Archive' performed by Exeter based Dance Lab at 7.30pm in The Beehive. The company invites the audience to bring a little piece of their family history with them if they wish, to share between the three different animated stories within the show. This could be an object or photo, something that evokes a particular memory for you. This charming dementia friendly show is described as funny, evocative and accessible.

A recent audience member said: "I was enthralled and delighted from the beginning. I loved the objects and the way the performers invited us to a shared experience. It worked so subtly. Little gestures described a response (tripe and onions come to mind) - that in turn reminded me of smells and experiences (lumpy custard) from my own past that called for further remembering. I loved the things that came up afterwards that were illuminated by the prompts from your show. A seasick trip to Lundy island, rolling boat, lifeboat stations, parents... where were they? Somewhere. My mother cooking. A workshop full of tools, each tool known through use, through handling - beauty in observing a man working when at one with the process, absorbed and concentrated.

"It was wonderful. Thank you!"

Bright as a Button

ILMINSTER Arts Centre is running a craft workshop with a regional theme on Thursday, July 23rd when tutor Carole Cooke will be teaching the art of making Dorset buttons.

This regional style of button has been associated with Dorset since the 17th-century, and they were a significant cottage industry in the country until the mid19th-century, when machine-made buttons

Historically there were all sorts of stylistic variations of the Dorset Button, and on this course participants will learn how to use threads, embroidery

stitches and beads to create their own unique version. Finished buttons can be used as brooches or as decorative hangings and of course to fasten

All materials will be provided, but if you have some embroidery threads you would like to use, please bring them along. There will be a small charge for the resources used.

The course runs from 10am-1pm on July 23rd, and costs £12 per person (excluding the cost of materials).

New train to get a name

Unique new Loco at Peco to be named by rail enthusiast and BBC News Correspondent Ben Ando

JOHN MACDOUGALL, Chief Mechanical Engineer of the Beer Heights Lights Railway, has been designing and constructing since the winter of 2011, a special internal combustion engine, code named "Mini".

This locomotive is primarily being built to replace Pecorama's ageing Severn Lamb built diesel Jimmy, which is being phased into retirement. "Mini" is designed to offer much greater power and driver comfort than Jimmy as well as being considerably quieter in operation and to that end, the power unit selected is a mini motor car 998 cc petrol engine incorporating an automatic transmission.

Sir Alec Issigonis, designer of the classic Mini way back in 1959, developed an engine and gearbox combination so compact as to fit transversely in the first really small, economical and affordable modern front wheel drive car of its kind. He would never have guessed that all these years later, it would also prove ideal for our new locomotive, for it so happens to fit neatly within the available bonnet space. In this in-

stance, of course, the engine longitudinally. "petrol engine" I hear you say? Well, actually, the plan is to convert it to run on LPG, or Auto gas, giving it greener credentials and making

it cheaper to run than a conventional petrol machine. The beauty of the petrol engine is that it is very quiet compared to a diesel, as well as being simple and reliable. Parts are also very cheap and easy to obtain.

The new loco' was mechanically complete early in the summer of 2014 and underwent trials during that season and occasionally was pressed into service on passenger duties for several hours at a time, due to unexpected demand or problems with another locomotive. So far, it has performed faultlessly and proved surprisingly popular with visitors as they were, unusually, able to see all the working "innards" of the machine running without its body panelling!

"Our new locomotive will put the 'eco' into Pecorama! It will run on liquid petroleum gas and a biproduct of petrol distillation and gives off only a fraction of the harmful emissions of conventional diesel and petrol engines' said CME of the Beer Heights Light Railway John Macdougall.

India Electric Co stride towards the big time

primetime Radio 2 and stages across Europe with Midge Ure, the two guys from India Electric Co. are being touted as the next big thing in the acoustic/folk music scene.

Made up of Cole Stacey (from Awliscombe) and Joseph O'Keefe (Talaton) they've been heralded as ones to watch by Jeremy Vine and given glowing 4 star reviews in The Telegraph

Their debut album recorded all in East Devon The Girl I Left Behind Me has gone to near the top of the itunes and amazon charts since it was released a month ago. They recently performed a

big slot at Glastonbury Festival and continue their tour alongside the legendary Midge Ure as his band and his support act. Having met in East Devon

have used all their influences on their debut album including Gypsy Jazz, folk, pop and Eastern European folk.

"We're delighted people are listening and have been playing The Girl I Left Behind Me. There is a theme of transience throughout the album so it seemed apt that we were stuck on the m25 when we heard it on Radio 2 for the first

time" said Cole.

They will be touring throughout Germany on The Breathe Again Tour later in the year with Midge Ure stating that "their vast range of musical textures instantly stood out' being a reason he chose them to accompany him. The Girl I Left Behind Me is being tipped for even bigger things as India Electric Co. continue to keep the WestCountry firmly on the musical map.

Born Leon Atkins in Baton Rouge, Li'l Jimmy Reed taught himself to play guitar as a child, playing by ear; the story goes that his father bought him a guitar one Monday, and by Saturday he was out gigging. His lucky break came one night when he was a teenager and he replaced a well-known star - and one of his musical heroes - Jimmy Reed, who failed to show for a performance. Thus "Little" Jimmy Reed was born and over the years he has worked and played with a "who's who" of bluesmen including Bobby Bland, Ike Turner, Little Milton, Willie Clayton, and Otis Grand.

Now his eighties, L'il Jimmy's performances defy his years, as he channels the soul of blues icons Lightnin' Slim, Muddy Waters and of course, his namesake, the legendary Jimmy Reed.

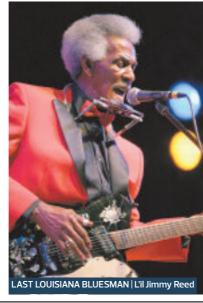

This concert will be an amazing chance to hear authentic Southern blues in the intimate setting of the

Dining out in East Devon South Somerset Bilbys Coffee Shop

Delicious handmade cakes and more at Bilbys

BILBYS opened 14 years ago in the Red Lion Hotel, which, when it was taken over by Jane and Tris Pinkney, had been empty and derelict for nine years. They fell in love with the building and spend three months renovating and repairing the building while still trying to save its character.

During the war the Red Lion Hotel hosted Field Marshall Montgomery for a few nights just before D-Day and Sir Ralph Reader would often perform in its

Bilbys Coffee shop was named after Jane's Great grandfather Robert Bilby Little who was a vicar in Standon in Hertfordshire. Bilby is an unusual name but it has connections with Crewkerne. The Bells in the local church where cast by the Bilbies family a strange bunch from Chew Stoke who would only cast bells by the light of a full moon (probably because it would take all day to melt the

brass and they needed the light of the moon to see to cast the bell!).

Bilbys serve light lunches, all day breakfasts, teas, coffees and cakes. All the cakes are made by Jane at Bilbys. She is particularly proud of her Somerset apple cake which is great served warm but even better served with clotted cream.

From early afternoon they also have afternoon tea which consists of a choice of sandwiches, a mixture small cakes, scones, jam and cream and of course a not of tea.

They have a private meeting room that can be hired and they also do outside functions.

Jane and Tris have a full list of allergens and can cater for most dietary requirements. Bilbys has a five star rating for food hygiene.

Bilbys has now entered the modern world and Jane uses many old recipes some like her ginger

shortbread and old Ma's fruitcake passed to her from her mother and grandmother and she has started to teacher her Granddaughter Isla (2 years old) to bake cakes at home

so the next generation is on its way. She also makes pre ordered celebration cakes, for birthdays and special events. Jane and Tris say "We couldn't do all this without the help of our great staff,

some have been with us for as long as we've been here" The atmosphere at Bilbys is great with a mixture of young and old customers

and families are very welcome.

If you're in a hurry sandwiches and drinks can be made for takeaway.

If you are in Crewkerne and you want a tea, coffee or a bite to eat then come to Bilbys Coffee shop in the heart of your Town.

Bilbys is open Monday to Saturday

9.00am to 5.00pm

The Tunnel offers shooting experiences to the general public, as well as members of their home office approved club alike. Whether you are a total novice or an experienced shot, there is something on offer for all ages and

The complex of indoor ranges comprises 25m and 35m small-bore ranges, as well as a 100m full-bore range, along with a number of newly finished class-

All staff members at The Tunnel are fully qualified NSRA and NRA range officers, which means you can be sure that a consistent standard of excellence is maintained throughout the Centre. Along with the quality of staffing, The Tun-

nel prides itself on being affiliated to The National Rifle Association at Bisley, and aims to provide an all-round outstanding service for air-gun, small-bore and full-bore shooting.

The Tunnel offers training facilities for many different applications, from those who want to demonstrate or improve their skills and knowledge for application of their Firearms Certificate with 'Competent shot', or Quality Maritime Assured

Firearm Competency Courses with Maritime Firearms Competency Ltd. As well as these, The Tunnel plays host to The South West Rifle and Pistol squad (SWRPS). but who do not themselves wish to shoot, The Tunnel has observation rooms from which they can watch, while enjoying a tea or coffee from the Centre's on site cafe.

The Tunnel has managed to add something new every year, most recently the opening of the 100m indoor full-bore range. This year however sees The Tunnel begin offering archery taster sessions for beginners.

Hands on with Max's friendly fish

IT may be more humble than the multi-million pound attractions you find in many resorts, but the charm and hands-on experience of Lyme Regis Marine Aquarium has won over visitors time and time again.

Situated on Lyme's historic Cobb wall, the Marine Aquarium was first opened in 1958 by Lyme businessman Oliver Farnworth, who ran it until 1982 when local fisherman and historian Ken Gollop took over the popular attraction. His nephew Max took on the family business in 2001 and has since created a huge online following.

Most recently, the aquarium has been recognised in the TripAdvisor "Hall of Fame", which honours establishments that have received the TripAdvisor Certificate of Excellence of five consecutive years thanks to continuous excellent reviews on the travel website. Winners include hotels, restaurants and attractions located all over the world that have continually delivered a superior customer experi-

"Being awarded the TripAdvisor Certificate of Excellence five years in a row and inducted into the 'Hall of Fame' is a true source of pride for the entire team at Lyme Regis Marine Aquarium and we'd like to thank all of our past visitors who took the time to complete a review on TripAdvisor," said

"There is no greater seal of approval than being recognised by one's customers. With the TripAdvisor Certificate of Excellence based on customer reviews, the accolade is a remarkable vote of confidence to our business and our continued commitment to excellence."

Last year, TripAdvisor also named the attraction among the top 25 aquariums in Europe based on the website's

Traveller's Choice Awards, with only The Deep in Kingston-Upon-Hull and the National Marine Aquarium in Plymouth ranking higher - both huge, multi-million pound establishments compared to Lyme's more modest alternative, which shows off the marine life of the Jurassic Coast.

Max believes the secret to the aquarium's success is the interactive element of a visit, with the star attractions including the opportunity to hold a starfish or hand-feed Max's trained shoal of grey mullet.

"We constantly strive to offer a great experience for all our visitors," he said.

"We differentiate ourselves from our larger aquarium counterparts by offering an interactive and tactile dimension to a visit. Not only do visitors get to see the marine life which can be found in local waters, they have the opportunity to hold a starfish in the palm of their hand and have their picture taken while being up close with a giant lobster or crab.

"Our mullet feeding experience is truly unique where visitors lower their clenched hand containing food into a large tank of grey mullet, then marvel as these wonderfully tame creatures gently suck and 'kiss' as they take food directly from the hand.

"We also go that extra mile to make all visitors feel welcome and provide a personal service with either myself or one of my knowledgeable staff being available to answer any questions and give further insight into the creatures on display."

As well as exploring the local marine life, visitors to the aquar-

ium will learn a little about Lyme's rich history.

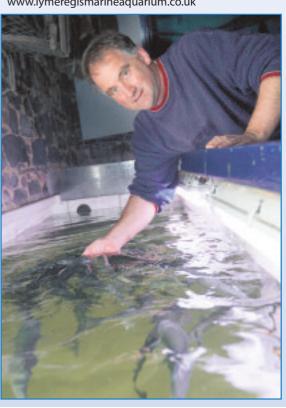

The building itself dates back to 1723 and, before this, a house named Rose Cottage stood in its place from 1701 until it was destroyed in a storm.

As Lyme was a busy port at the time, attracting trade from all over the world, the building was originally used as a warehouse and store, and later went on to be an isolation hospital to prevent those arriving on ships from spreading diseases such as cholera, typhus and the plague around the town.

The attraction also celebrates the town's more recent history, with a display of photographs taken when Lyme was transformed for the filming of "The French Lieutenant's Woman" in the 1980s.

Eden Garden Developments

GIVEN today's intensive land-use practices, gardens have become refuges for wildlife. However their conservation value is being eroded by planting inhospitable to British wildlife and flower types less suited to pollinators such as bees and butterflies

Many birds rely on insects, a situation not helped by the disappearance of ponds, with the loss of habitat for fish, amphibians and invertebrates. There is also pressure on small garden mammals such as hedgehogs.

Eden Garden Developments, based in Beer, Seaton, Devon, supports biodiversity and because they have been designing and building gardens for some 15 years, they can do so utilizing their existing platform and skill set.

Whilst many gardeners are enthusiastic about wild life, they still want gardens to be attractive and easy to maintain. So the solution is to combine contemporary garden design with an understanding of the needs of wild life, appreciating that the two things are not mutually exclusive. For example, Salvias are great sources of nectar and there is a huge range to choose from.

Land Rover delivers the Webb Ellis Cup to Devon

IN THE build-up to Rugby World Cup 2015, Land Rover helped to bring a taste of the highly anticipated global Tournament to Devon

As part of a 100 day tour of the UK and Ireland, organised by England Rugby 2015, local Land Rover customers and media were invited to Land Rover Experience West Country in Honiton to get a closer look at the sought-after Webb Ellis Cup and the unique Trophy Tour Defender.

Land Rover ambassador and Rugby World Cup 2003 winner, Lewis Moody, was also in attendance as he looks forward to seeing his home nation in action at Twickenham when the Tournament kicks-off in September. Speaking about England's chances, Moody said; "England definitely have a chance to win the World Cup, but it will be a big ask. Having Australia and Wales in your pool isn't ideal so it's important to play well and win the warm-up games so that they go into the tournament with confidence. The opportunity that these guys have is huge and I hope they take it because the nation will get behind them with every ounce of their being.

The visit to the West Country marks the quarter stage of the 100 day tour, which has already seen the Webb Ellis Cup being transported through Scotland, Northern Ireland, the Republic of Ireland, and Wales, in the custom-built Land Rover Defender. The Defender took nearly 6,000 hours to design and was built at Land Rover's Special Vehicle Operations base in the West Midlands.

So far on its Tour, the vehicle and the famous Trophy have already visited Scotland, Ireland and Wales, travelling over 2,500 miles to give thousands of people of all ages the chance to see the most coveted prize in Rugby.

The Tour will continue to excite fans in the runup to the Tournament, incorporating visits to over 300 events including rugby clubs, schools, community festivals and iconic landmarks. Travelling approximately 9,000 miles during the Tour, the Defender and Webb Ellis Cup will endeavour to inspire the nation and leave a lasting legacy of Rugby World Cup 2015.

Moody has also been involved with Land Rover's 'We Deal In Real' Rugby World Cup 2015 campaign, which celebrates grassroots rugby in the UK and around the world. As part of Land Rover's activity the Rugby World Cup 2003 winner has been helping to give youngsters aged between seven and 13-years-old the once in a lifetime opportunity of being one of 96 Rugby World Cup 2015 mascots.

Significantly enhanced Ford EcoSport compact and fuel-efficient SUV

THE enhanced Ford EcoSport SUV, offering styling upgrades, improved driving dynamics and new equipment is available to order for October delivery

Customers can now specify the EcoSport compact SUV without a rear-mounted spare wheel. Interior improvements include standard partial leather seats for Titanium models and additional chrome detailing.

Convenience and comfort are also enhanced with a Winter Pack - featuring heated windscreen, heated mirrors and heated front seats. EcoSport driving dynamics have been improved with revisions to the springs, dampers, rear torsion beam, Electronic Stability Programme, and Electronic Power Assisted Steering settings

Prices for the enhanced EcoSport, available with Ford's multi-

award-winning 1.0-litre EcoBoost petrol engine, 1.5-litre petrol engine or 1.5-litre TDCi diesel engine, start from £14,245

"The stylish and practical Ford EcoSport offers customers a flexible and economical SUV and with these enhancements EcoSport looks and feels even sharper," said Joe Bakaj, vice president, Product Development, Ford of Europe. "EcoSport was developed in some of the most rigorous terrains and climates across the globe to make it an even more compelling option for customers as part of our growing European SUV range. In addition, the team at Lommel Proving Ground in Belgium have further enhanced the driving dynamics to make the new EcoSport even more fun to drive on European roads."

Ford EcoSport models specified without the rear-mounted spare wheel feature a tyre mobility kit as standard, while the rear swing-gate design for those vehicles also has been revised to allow easier access to the bootspace with partial opening. All models now feature a distinctive EcoSport badge on the rear.

Inside, partial leather seats are offered as standard on Titanium models, privacy glass is available for all EcoSport trim levels, while the Winter Pack also adds rear seat ventilation at floor level to improve comfort for rear passengers in cold weather.

The restyled interior has a charcoal black lower instrument panel, centre console and door boards. The instrument cluster now features a light dimming function and chrome-surround rings to match the electric window switches

All EcoSport models are equipped with Ford's SYNC voicecontrolled connectivity system feature a 4-inch colour display in the centre console.

New Avensis Majors on Comfort and Costs

THE new Toyota Avensis has been designed to be a strong performer in the business car and fleet market, not just in terms of running costs but also in providing the kind of comfort and on-board technologies that make life easier for the longer-distance driver. With fleet and business customers expected to account for around 87 per cent of all new Avensis sales, achieving the right balance of cost-efficiency, performance and quality has been crucial.

Comfort

Toyota canvassed the opinions of motorists - not just Toyota drivers - in its development of new Avensis, helping it better understand and respond to the real-world needs and preferences of business people who spend long periods at the wheel.

As a result, the new Avensis range of saloons and Touring Sports wagons - all built in Britain - has two equipment grades that focus on the things that make life more comfortable, convenient and connected for today's business motorist.

The Avensis Business Edition is positioned to appeal at the heart of the fleet market. It comes equipped with Toyota Touch 2 with Go, a fast and intuitive eightinch touchscreen-controlled multimedia package that includes navigation, Bluetooth, DAB and access to online services for local information and journey planning. Cruise control, automatic air conditioning

help take the stress out of driving.

www.viewfromonline.co.uk

Business Edition Plus models are tailored for the user-chooser, adding combination leather and Alcantara upholstery, LED headlights and daytime running lights, rear privacy glass and smart entry with push-

All models benefit from a redesigned driver's seat that gives extra support and comfort for long distance trips, with electrically adjustable lumbar support provided on both Business Edition grades. Improved NVH measures also make the cabin a much quieter and calmer place.

Insurance

The introduction of the Toyota Safety Sense package of safety features has had a significant impact on new Avensis's insurance ratings, with improvements of up to five groups achieved compared to the previous model. This means Avensis now equals the best in its class in terms of insurance costs, with the added benefit of Toyota's advanced technologies to help prevent accidents happening.

Toyota Safety Sense provides a lasercontrolled Pre-Crash Safety system with Autonomous Emergency Braking; on all Avensis models apart from the entry-level Active, it also equips the car with Automatic High Beam headlights, Road Sign Assist and Lane Departure Alert.

Drivers Unprepared For A Host Of Rule Changes On The Roads In 2015, Warns IAM

(IAM) is warning people to be ready for a host of changes coming up in driving laws in the UK – and fear many are totally unaware of what's in store in 2015.

New regulations that have changed driving licences, drug-drive limits and speed limits have already taken place in 2015. There are, however, other

For motorists oblivious to these changes, the IAM is raising awareness to ensure all road users understand the new driving laws and changes.

In March a new law on driving under the influence of legal or illegal drugs including cannabis and cocaine and prescription drugs including diazepam, methadone and morphine came into force across England and Wales.

Earlier this month, the IAM revealed the true scale of drug-driving since the new regulations started and found 902 arrests have already been made by police forces (1). Motorists convicted of drug-driving will get a minimum one year driving ban, unlimited fine, up to six months imprisonment and a criminal record (2)

In April, the speed limit for the largest heavy goods vehicles (HGVs) travelling on a single carriageway across England and Wales increased from 40mph to 50mph, and on a dual carriageway it has increased from 50mph to 60mph (3). Changes to driving laws and other-

related procedural changes have also

come into force this vear to take advantage of the internet, increase convenience and save time on administration.

From the government's launch of the 'Make a Plea' service in March, which enmotorists charged with minor motoring offences including speeding, failing to identify the driver or using a vehicle without insurance to respond to the charges made against them digitally (4), to the scrapping of the the Driver and Vehicle Licensing Agency (DVLA) paper counterpart of the photo card on 8 June, in which all driver information such as endorsements and which category of vehicles

changes have allowed motorists to access information remotely. Important driving records to a third party and will need to obtain a special code from online to allow sharing of data (5).

Local sport round-up

No more slips up if Honiton want promotion EARLY WICKETS NOT ENOUGH TO BEAT CHARDSTOCK

CRICKET ROUND-UP

Honiton 1st XI vs Chardstock 1st XI

HAVING lost the toss Honiton started in the field. Two early wickets for Ben Kidson kept the opposition in check. Tansley bowled well though couldn't pick up the wicket he was hoping for!

Joe Dixon picked up three wickets including the important wicket of skipper Hutchings. The star bowler for Honiton was Adrian Pullin who picked up four wickets from his nine overs to help them restrict Chardstock to

Honiton felt it was a getable total but wickets kept falling regularly. Pete Matravers batted through for an excellent 81no but no one stuck with him and Honiton finishing on 174 all out.

Ingram said following the game: "After a good per-formance in the field we were hoping to follow it with the bat but we let ourselves down. If we want to get promotion now, then there can be no more slip ups!

Honiton 2nd XI vs Thorverton 3rd XI

HONITON took to the field for the first time since the defeat to Feniton, and despite being a couple regulars short knew that a full house 20 points would take them top of the table.

Batting first Honiton's new opening pair of Pete Beighton (40) and captain Andrew Lapping (50) got the

team off to a flyer putting on 104 for the opening wicket. Once they had departed Kieran Conway added 33, but then Thorverton made inroads through the home side's line-up and eventually had them all out for 203.

In reply Thorverton lost a couple early wickets to the bowling of Richard Hill and Andy Brinsford and they never really got going as spinners Ian Kelly 3 for 23 and Will Cowley 2 for 39.

It was then left to Brinsford 2 for 14 and Hill to polish off the tail. Hill's final figures were 6.4 overs, 5 maidens, 1 run and 2 wickets.

Skipper Lapping was pleased, saying: "It was good to get back to playing and picking up the win. After results last week we have now gone top, but getting there is one thing – staying there will be even harder.

"We seem to have the players to keep grinding out re-

sults and we have a lot of hard work ahead if we are to reach our target."

TWO years after initially scrapping their academy plans, Yeovil Town FC have announced that their newly launched youth set-up looks set to be given top-level recognition.

The academy has been recommended for category 3 status on the Premier League's Elite Player Performance Plan (EPPP).

Newly appointed academy chairman Andy Rossiter has also announced that the club are to appoint former Torquay United head of youth Geoff Harrop as the academy director.

Geoff previously had successful spells with Colchester United, Rushden & Diamonds and Northampton Town, before restarting the youth development in Torquay in 2010.

Geoff said: "I am delighted that we have achieved category three status after all the hard work that has been put in behind the scenes over the past couple of months prior to my appointment.

"We now have players ranging from under 9s to under 18s signed up to the academy for the new season, and we have members of qualified staff ready to get going.

"We want to see young players in our first team who are developed through the academy and here at Yeovil Town they will be given every opportunity to impress.' John Evans, principal of Yeovil College, said:

"Yeovil College is proud to be working in partnership with Yeovil Town Football Club again to deliver the educational studies for the new academy footballers.

"The programme is an excellent opportunity to develop the football stars of the future and to give a clear educational pathway for local and regional academy apprentices.

"The apprentices will be studying at the college for a day and a half working towards their Level Three BTEC qualification."
